This is a list of some options and resources for churches during the Covid-19 (Coronavirus) outbreak.

### ONLINE SERVICE OPTIONS

- **Facebook Live** is one of the easiest ways to get your church service live online quick and free. There are lots of ways that you can do it quick and free. Ask if you need help. Here is an article talking about some of the nuts and bolts - <https://www.wowza.com/blog/facebook-live-for-churches>
- **Life Church** has provided their online church platform for free forever to all churches that want to use it. I haven't personally explored it but it is a high quality free resource from a trusted source. It does appear the you will have to have a church website to get it set up. Find more information here - <https://churchonlineplatform.com/>
- **Zoom** is a high quality option that you can use to keep your church together via video. It is not a free resource but one of the best on the market - <https://www.zoom.us/>
- **Google hangouts** is another option for live video with the capability of seeing everyone during the conversation - <https://hangouts.google.com/>
- You can also go live on **YouTube** by clicking on the video camera with the + in it on the upper right of your YouTube homepage, you will have to verify a few things before you can go live - <https://www.youtube.com/>

## How to get the most out of **online church**.

### ✓ Be fully present

You'll face a lot of digital distractions once the service kicks off. Choose to stay committed & engaged. (Don't worry! Those notifications will still be there when we are finished.)

### ✓ Like, Share, & Comment

One of the great benefits of online services is we can have MORE interaction. So ask questions and smash those reaction buttons. Share the service on your social feeds, and invite your friends to watch with you.

### ✓ Worship, don't just watch

You can't feed your body by watching other people eat, and you can't feed your soul by watching others worship. So make this a spiritual time - sing, pray, & read the word along with us. Most importantly, listen for God's voice and respond in faith to what He says.
